PRESS

Project: Mooncircle, as the name reveals, has been on a journey to the moon since day one, exploring the frontiers of music and art, always looking for new discoveries and giving a different perspective to look at the earth. In it's 10 year history the label has published roughly 100 releases by equally as many artists from all corners of this globe and, therefore, the selection of sounds on this compilation represents the development of the label from the past, present and going into the future. Some of the artists featured on this compilation have been a part of the label from its very beginning, like *CYNE*, *Manuvers and Jahbitat*, whose song will be the last one he produced and published under this moniker, while others, like *Robot Koch*, *fLako and Long Arm*, are outstanding examples of its growing popularity and success. Furthermore, the box also features an exceptional selection of close musical friends and inspirational artists like *Jehst*, *Dday One*, *Kwala* and *Ichiro_*, just to name a few.

The logo and artwork represent someone who was very close to the label, especially in the early years but unfortunately passed on and whom this box is dedicated to. Featured on the compilation are artists such as *Mike Slott x Diane Badié*, *CYNE*, *Sweatson Klank aka Take*, *Jahbitat*, *Robot Koch*, *fLako*, *Jehst*, *Beat Butcha*, *Long Arm*, *Kelpe*, *Pavel Dovgal*, *Blossom*, *Daisuke Tanabe*, *Dday One*, *Inner Science*, *Substantial*, *Arts The Beatdoctor*, *Rain Dog*, *Kidkanevil + Microkorg by Dorian Concept*, *John Robinson*, *Sorrow*, *Rumpistol*, *The Red Baron*, *Christoph El' Truento*, *40 Winks*, *Sina.*, *1000Names*, *DZA*, *Ichiro_*, *EAN*, *Tom Diccico*, *Headshotboyz*, *Graciela Maria*, *Gards From KC*, *Sekuoia of Kilimanjaro*, *Sense of The Q4*, *Sneaky*, *I.V.A.*, *Empt*, *John LaMonica*, *Mike Gao*, *Bambooman*, *Manuvers*, *Krts*, *Kwala*, *Soosh*, *Memotone*, *Sun Glitters*, *Called Understandable Souls* & *Szenario*.

The limited box includes 2 white & 2 black vinyl LP's with 32 tracks, 13 additional digital bonus tracks, a T-shirt (only at hvv.de) and a poster (with digital download code) all in a specially designed box that features a special light-reflecting varnish, which makes this truly a collectors and music lovers item.

Berlin-based label Project: Mooncircle and it's two sublabels Project Squared and Finest Ego is an official label from hvv.de. It was founded in 2002 and is specializing in the conjunction between electronic and organic music. The label, at first envisaged as a compilation project only, soon released the first instrumental and vocal solo releases by such artists as *The Q4*, *CYNE*, *Mr Cooper*, *Robot Koch*, *fLako*, *40 Winks*, *John Robinson* & *MF Doom*, *DZA*, *Krts*, *Sina.*, *Graciela Maria*, *Manuvers*, *Lambent*, *Lewis Parker*, *Non of Shadowhuntaz*, *Strand*, *Ta-Ku*, *Mika Gao*, *Onra*, *Obba Supa*, *Asusu*, *Furesshu*, *AnD*, *Kowton or Glen Porter*. The work of illustrators and graphic designers such as *Bioniq*, *Dan May*, *Iain McArthur*, *Ima One*, *LNy*, *Gordon*, *44 Flavours*, *La Mano Fria*, and *The Binh* create images that accompany the acoustic spaces. Project: Mooncircle with its various producers & vocalist shall be an interesting experience for anyone looking for the extraordinary. A&R: *Laurent Fintoni*, *Jinna Morocha*, *Karolina Kaczor*, *Gordon Gieseeking* and *Malte Tarnow*. Mastering by *Sven Friederichs*. Artwork and original paintings by *Gordon*, *LNy* & *Bioniq*.
